Everdon Farm Hike – 29th September 2024

The annua Everdon Hike never disappoints. Thanks to Cecil Hackney and his unending knowledge of the area, the club members were treated to a very special day.

Starting off at the farm workshops, along the farm roads to magnificent views of the Karkloof Valley with views of the Karkloof Falls in the distance. Warthogs, blesbok and an energetic bushbuck all came out to say hello. Although the weather couldn't make up its mind for the day, the hikers thoroughly enjoyed the day out with an abundance of wildflowers and views.
