BROADLEAZE FARM : BELLEVUE

PIETERMARITZBURG

A warm sunny morning was spent enjoying the view of table mountain in the distance and the surrounding area. We enjoyed a stroll on farm land with sightings of birdlife and zebra.

Rob Symons spoke about the history of the farm that dates back to the 1800's.

The route took us down to the river, along the fence line with a stop for a break and then across the farm, up a gentle hill back to the start.
